1. Check the print

Measure this line with a ruler. It should be exactly 10 cm. If it is not, print again at 100%.

A bank card fits this box exactly.

ISO/IEC 7810 ID-1: 85.60 x 53.98 mm

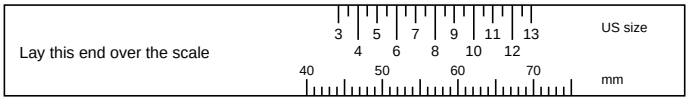

2. Measure your finger

Cut out the finger strip below. Wrap it around the base of your finger, printed side out, with the labeled end on top of the scale, and read the US size at its edge.

3. Or match a ring you own

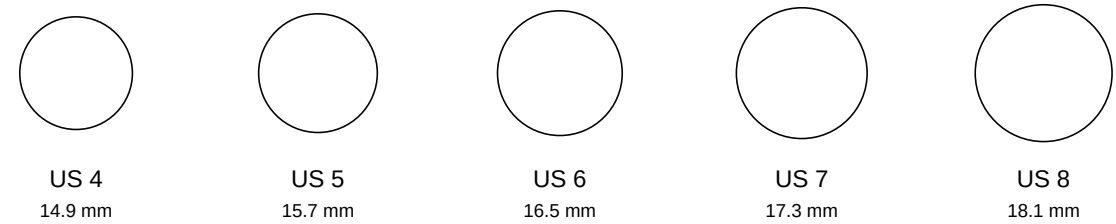

Lay a ring that fits on the circles below. Your size is the circle that lines up with the inside edge of the ring.

Finger strip (cut along the outline)

Wrap the strip snugly but not tight, with the labeled end on top. Read the US size at the mark under its edge. Between two marks? Choose the larger size.
